**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. The last two providers I had, AT&T and Comcast provided me with a glitchy service for an exorbitant price. That's why I switched to a local service called Sonic and couldn't be happier with them. USA is stuck in the dark ages compared to the rest of the developed world as far as the internet goes because of the lack of the competition in the field. As more and more business and entertainment comes to us through the internet, a good inexpensive service becomes paramount.

That's why the more competition we have in the field the better off we, the consumers will be.
